

CLEANIK PRO

CONCENTRATED CLEANER

Description

Concentrated degreasing cleaner, specially designed for microcements, epoxies and continuous surfaces in general. Its formula is based on specific surfactants and organic solvents, which gives it excellent properties as a powerful degreaser, ideal for removing difficult dirt such as grease, animal and vegetable oils, wax residue, carbon deposits, among others.

This product has a pleasant citrus aroma that neutralizes and blocks bad odors, accentuating the feeling of cleanliness and leaving a fresh fragrance. It penetrates the treated surfaces, reacting with oils and greases to emulsify them and facilitate their effective removal.

Fields of Application

It is recommended for cleaning and degreasing:

Continuous floors such as microcements, polyurethanes, epoxies,...

Parts and machinery in the food industry, as well as floors, tiles and washable surfaces in general.

Facade cleaning.

Instructions for use

Depending on the dirt to be cleaned, use pure or diluted up to 1/10 in water. Spray directly, leave to act for 15-20 minutes and rinse with water.

Technical Data

Density (Kg/lit)	1.085 +/-0.010
pH	13.30 +/-0.50
